

DRAGADOS-PULICE JOINT VENTURE

I-2 / I-69C INTERCHANGE PROJECT

September 2020

Start of Construction

The Texas Department of Transportation (TxDOT) and Dragados-Pulice Joint Venture (DPJV) are pleased to announce the start of construction on the I-2 / I-69C Interchange Project.

DC4 is the I-69C southbound direct connector

The project recently completed environmental surveys and clearance to prepare for active construction throughout the project corridor. The first phase of the project will be the construction of the Direct Connector #4 (DC4).

I-2/I-69C Interchange Project

I-2/I-69C Interchange Project

I-2 / I-69C Interchange Project Launches New Website and Social Media Channels

As this monumental project in the Rio Grande Valley takes off, a new project website has been launched. The website, <https://www.DPJVTX.com>, is managed by the design/build firm, Dragados-Pulice Joint Venture.

Site visitors will have the opportunity to view the interchange construction latest project updates and related roadway closure and detour information. The site also includes employment information, Disadvantaged Business Enterprises (DBE) opportunities, and contact information. The public can sign up for updates and get traffic advisory notices directly to their e-mail.

In addition, the I-2/I-69C Interchange Project Facebook page, Twitter account, LinkedIn page and YouTube Channel have been created. Connect with us for all the latest information on the project.

Public Information

In partnership with TxDOT's Public Information Officer, Octavio Saenz, Jennifer Cabrera will serve as the Public Information Coordinator for the I-2/I-69C Interchange Project. Together, they will oversee the coordination and execution of the Public Information program.
